Our Cancake

Looking for a gift that packs a sweet surprise? Look no further than our cancake! It's a tiny cake that's freshly baked just for you, and it even comes with a golden candle to light up those unforgettable moments!

Our bakers whip up these cancakes right in the baking tin, using traditional recipes that have been passed down for ages! Better yet, you don't have to gobble it up right away. It can last up to 18 months! Talk about a timeless treat!

But what truly makes our cancake a standout is its special ingredient: love. We partner with workshops for people with disabilities in Germany to create our delicious baked goods. Enjoy a scrumptious snack that's baked with heart and soul!
