**SIRIUS**  
SHINING MOMENTS

Our Living 2024 collection will let you dive into a more ecofriendly world.

We are enlarging our assortment of solar and rechargeable products, and we will provide you with products that give you a great ambiance of glow, softness and warmth.

Our philosophy is to combine environmentally friendly lights with a great design and a perfect function.

And we try our very best to give you the most beautiful lights for your home and your garden.

# The Lamp Collection

New

# Tim

Tim is a modern table lamp produced in the finest metal quality and finished with a beautiful shiny lacquer. Tim is rechargeable, and therefore perfect for a cozy evening in or out in the garden without the hassle of a wire. The lamp has 3 luminosity options to choose between, ideal to complement any mood. Tim is IP44 protected, but make sure to take it back inside with you so it can remain away from water.

# The Solar Collection

## Step 1

Place the solar panel of your Sirius light under direct sunlight.

## Step 2

Leave the product to charge in the sun during the day.

## Step 3

If compatible, use the Sirius remote timer function to set your products to turn on and off at a specific time every day.

### PLEASE NOTE

Products without an ON/OFF button will automatically turn on after the sun sets.

# Dea

Dea is a combination of a vintage oil lamp and a modern LED light. Dea keeps the aesthetic of the oil lamp without the safety hazard or harmful indoor air pollution that comes with it. The oil imitation is made of silicone, and flame is replaced with a 3D-LED flame that emits a pulsating light.

INDICATE THE PRODUCT'S BATTERY LEVEL

# Decopower Multicharger

The Sirius Decopower Multicharger is essential to the Sirius rechargeable range. It enables the lights to recharge when they are low on battery. The small LEDs on the multicharger indicates the battery level of your light. Once the LED has turned from red to green, your Sirius product is ready to be used once again. Make sure to slide the button of the multicharger to select the correct charging function before placing the rechargeable lights on.

REMEMBER THE REMOTE CONTROL

# A Guide to THE REMOTE CONTROL

## Step 1

Point the remote control to the compatible Sirius lights.

## Step 2

Use the timer function to set your products to turn on and off at a specific time every day.

## Step 3

Use the dimmer function to choose the light intensity of your choice. The dimmer function has 3 different intensities.

## Find me

The Sirius lights that are compatible with the remote are marked with this remote icon.

## Remote Control

CR2032

The Sirius Remote Control is made of a matt aluminum finish, and combines both aesthetics and functionality at once. Use the built-in timer, dimmer or ON/OFF functions to control your Sirius lights simultaneously. Note the remote has an average range of approximately 10 meters.
